Finance

Finance is simply the management of money or other assets. Money is toxic, a force that governs and controls. Finance is therefore the steering of the wheels of money or near money assets to create a better wellbeing.

In this context we are going to be
looking at:

We can build a financial landscape that will more than meet our material needs and beyond.

Building your financial landscape

The ground work to all success is the Belief System.
Fortune favors the bold.

To succeed in life you MUST strongly believe. All men
have portions in life. Take yours!!

All things God made grows and are fruitful;
the human body (where we live) grows and is
fruitful – reproducing another human body.

A powerful statement that life itself is under
mandate to grow and multiply; this is
definitely true for your finances.

The universe is an expanding universe.
Scientist tells us that **every second** a new star is
born, star that is bigger than our earth.

Birth your dreams, your vision. Grow them –
there's room for them.

The Process

❑ First of all – Understand the dignity of labor.

“And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it.” Gen 2:15

God made man to work. And to show him the dignity of labor He gave him a menial job to begin with: ***till the ground. Interesting the first man, Adam was a gardener!***

Stoop low and work. No reasonable and honest job is un-dignifying so long as the value is commensurate. Deflate your ego; begin a financial nest for you, your family, and your posterity no matter how small to start with. Build your nest!

➤ ***In its own nest the beetle is king.***

❑ Plant a tree – a financial tree

Only a tree that is planted grows. Move away from wishy-washy, Do something.

In life to do nothing is not an option.

“This we commanded you, that if any would not work neither should he eat Now them that are such we command and exhort by our Lord Jesus Christ, that with quietness they work and eat their own bread.” 2Th 3:10-12
